Summary | Week 2

Scrum Master for next week?
- Darrington Henderson

List at least 5 things you did well and will continue doing?
1. Communicating & Meeting with the Product Owner and my Mentor
2. Working together & Collaborating with others
3. Finishing Tasks
4. Finding Data
5. Planning

List at least 3 things you did poorly and how you will mitigate them next sprint?
1. Finding my initial Data Sets
2. Finishing my Code review
3. Solving for the Analysis (Canonical Correlation)

List shout-outs to anyone for excelling in any way?
- Myself for ensuring that I stay ontop of all my tasks

What did you learn this week?
- What I learned this week is that i'll need to learn how to do Canonical Correlation to complete my Analysis with my Final Project

What did you learn as an individual this week?
- What I learned as an Individual this week is that I can work on the unbeaten path by researching and finding solutions to problems that haven't been solved many times before
